Start with cursive i

Start at the bottom line. Move up to the middle line, come down, then curve to the right. Lift to add the dot.

Watch

Start at 1. Follow the arrows. A second number means lift and start a new stroke. Lift to add the dot.

Trace

i i

Copy beside the model

i

Cover and try

Cover every model, earlier attempt and the screen. Try on these empty lines.

Can I see the dot above the short letter? Uncover to compare. Return to Watch or Copy if useful; unused space may stay empty.

Try cursive u

Start at the bottom line. Move up, come down and curve up again. Come down once more and finish to the right.

Watch

Start at 1. Follow the arrows. A second number means lift and start a new stroke. Keep the two turns connected.

Trace

Copy beside the model

Cover and try

Cover every model, earlier attempt and the screen. Try on these empty lines.

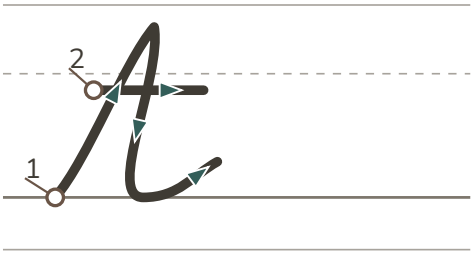

Can I see two clear curves at the bottom? Uncover to compare. Return to Watch or Copy if useful; unused space may stay empty.

Add cursive t

Start on the writing line. Rise above the short-letter guide, come down and curve right. Lift, then add the cross-stroke.

Watch

Start at 1. Follow the arrows. A second number means lift and start a new stroke. Lift after the body to cross the t.

Trace

t t

Copy beside the model

t

Cover and try

Cover every model, earlier attempt and the screen. Try on these empty lines.

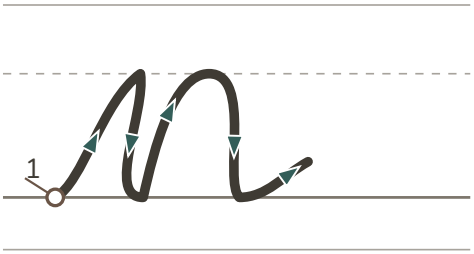

Can I see the cross-stroke without closing the letter? Uncover to compare. Return to Watch or Copy if useful; unused space may stay empty.

Try cursive n

Start on the writing line and rise to the short-letter guide. Come down, rise over one rounded arch, then finish to the right.

Watch

Start at 1. Follow the arrows. A second number means lift and start a new stroke. The rounded arch is at the top; compare the bottom turns in u.

Trace

Copy beside the model

Cover and try

Cover every model, earlier attempt and the screen. Try on these empty lines.

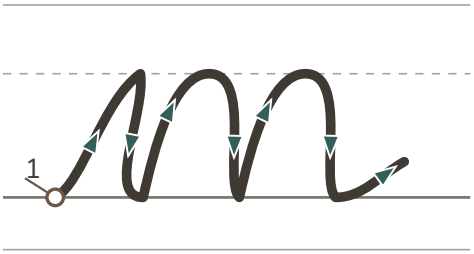

Can I tell n from u? Uncover to compare. Return to Watch or Copy if useful; unused space may stay empty.

Add cursive m

Start as for n. Make a rounded arch, then a second rounded arch before finishing to the right.

Watch

Start at 1. Follow the arrows. A second number means lift and start a new stroke. Compare two rounded arches in m with one in n.

Trace

Copy beside the model

Cover and try

Cover every model, earlier attempt and the screen. Try on these empty lines.

Can I tell m from n? Uncover to compare. Return to Watch or Copy if useful; unused space may stay empty.

Try cursive a

Rise from the writing line to the upper right of the round body. Curve left, down and around to close it. Come down its right side and finish with an exit to the right.

Watch

Start at 1. Follow the arrows. A second number means lift and start a new stroke. Close the body before making the downward stroke and exit.

Trace

a a

Copy beside the model

a

Cover and try

Cover every model, earlier attempt and the screen. Try on these empty lines.

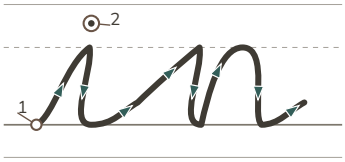

Is the body closed, with a clear exit? Uncover to compare. Return to Watch or Copy if useful; unused space may stay empty.

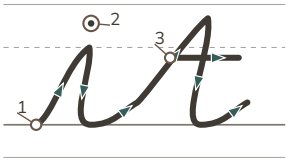

Write your first words

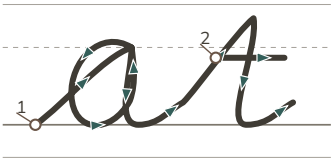

Join the body first. Lift at the end to dot i or cross t. Watch the letters stay recognisable.

Watch: in, it, at

Trace

Copy: look above, then write on the blank guides

Cover and try

Cover every model and your copies, including the screen. Try the three words below.

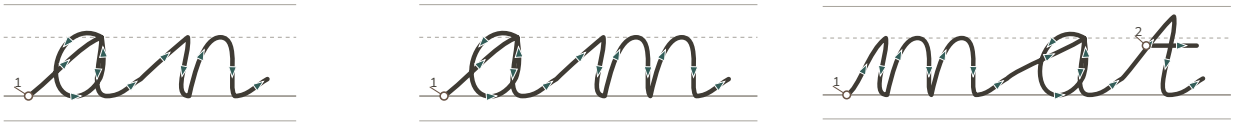

Can I still recognise each letter in the word? Check one join or letter. Return to its single-letter page if needed.

Try new words

Watch the new words. Try some tracing or copying above the fold if useful.

Watch: an, am, mat

Trace

Copy: look above, then write below

Fold everything above the dashed line back. Hide the screen too. Cover each new attempt before trying another.

an

am

mat

Unfold and compare one letter or join. Need help? Return to that letter or the models above; no score or pass mark is required.
